

Flush Mount Albums | Cover Styles

The most versatile of all with matching color leather spines, different pictures will bring out a different theme to the wedding album. It's only limited by your imagination!

Stunning yet elegant, with a vibrant metallic cover photo, it will certainly grab everyone's attention.

Brushed Metallic Fabric gives an urban vibe to the album and Weave Fabric series will certainly add an artistic element. It is luxurious yet homey at the same time.

Cover Styles

Leather

Various picture windows and cameos can be matched with leather of different colors and several beautiful fabrics. Each combination will bring about a different and unique feel to any wedding album.

Cover Styles

Piano Wood

A cover picture is embedded onto a piece of wood, the very same material that is used in making pianos. It gives a contemporary touch to a classic and timeless creation.

Cover Styles

Full Canvas Photo

A stylish cover is an image-imbued canvas, wrapping all the way around the album from front to back.
